

Niropplast

Product Description

Excellent washable plastic paint for interior walls. Highly durable over time, does not turn yellow, breathes. The paint possesses good coverage and concealment.

Typical Uses

Intended for painting interior walls in apartment buildings, institutions, public buildings etc. Suitable for painting new walls after appropriate surface preparation and for application on Wonderspeed filler or directly on existing paint.

Surface Preparation

In order to obtain good results, the surface must be prepared thoroughly and carefully. Clean the surface well to remove any foreign body such as old whitewash, dust, old peeling paint, grease etc. Make sure the old paint left on the wall is firmly attached to the infrastructure. Remove loose paint with a mortar and sandpaper.

Application

Brush, roller or sprayer (airless) Dilute according to the instructions. First mixing must be done without the addition of water.

Clean Up

Tools can be cleaned with soap and water immediately after use.

Finish
